## The perfect backdrop for your happily ever after

Create your fairy tale wedding day under a deep green canopy dappled with sunlight. We invite you to begin your journey in a peaceful, enchanting setting. The ceremony takes place under towering wattle trees and open heaven. Mother nature and her elegance are echoed in everything, bringing a sincere, timeless beauty to the day.

## An intimate and accommodating space

Our venue is located in the heart of the Overberg and comfortably accommodates up to 140 guests. For the ceremony, guests will be seated in our 'open air church' on tailor made oak benches and later under the array of crystal chandeliers in our glass marquee.

## We cater to your heart's desire

Your wedding day is one of the most memorable days of your life and our goal as a venue is to make certain it is nothing short of exceptional. Apart from the beautiful setting, here are a few reasons why you should choose to have your wedding in the woods with us:

- We provide dining tables and chairs, lounge furniture and church benches
- Our highly-skilled bar and waiter staff will ensure the event runs smoothly
- No need to worry about food as quality, seasonal catering is provided
- We partner with each couple to tailor the day according to your specifications

## Bringing it all together

We have Honeymoon Cottage on the farm available for the bridal couple. We also have the Tuin Huis located in Caledon and managed by us - do enquire if you are interested.

### Die Woud shuttle service

We are a stone's throw away from the beautiful little town of Caledon. It is situated on the N2 national route, only 113kms east of Cape Town's city centre.

We offer a convenient shuttle service for the duration of the wedding to transfer guests to and from the venue and their respective guesthouses within Caledon.

### The prices are as follows:

1-4 guests R280 per one-way trip  
5-13 guests R390 per one-way trip

Should guests be staying outside of Caledon, we can arrange a transfer with relevant pricing.
